- SuperNOFA - General Section
- SuperNOFA - HOPWA Program
- HOPWA 2001 Frequently Asked Questions (FAQ)
- HOPWA Regulations (24 CFR 574)
- FY2001 HOPWA Formula Area & Map
- HUD CPD Contact List

HOPWA Introduction

Overview

The Housing Opportunities for Persons With AIDS (HOPWA) program is designed to provide States and localities with the resources and incentives to devise long-term comprehensive strategies for meeting the housing and related supportive service needs of persons with HIV/AIDS and their families. Approximately \$25,542,000 million is available under the 2001 HOPWA competition. In this year's application kit you will find two parts - Part A: HOPWA Renewal Application and Part B: HOPWA New Project Application.

NEW For the 2001 HOPWA Competition - HOPWA Renewals

As required by statute, the renewal of existing grants that will be expiring in 2001 or 2002, will be given priority in selection for funding as provided in Part A of the HOPWA section of the SuperNOFA. To assist you in completing your HOPWA application for renewal or for a new project, the application kit has been divided into two parts. Part A of this application kit provides information on HOPWA renewals and Part B provides information on new HOPWA projects.

2001 New HOPWA Projects

If funds remain after funding eligible HOPWA renewal projects, HUD will consider applications for new HOPWA projects as outlined under Part B of the program NOFA. This application kit provides information on completing an application for a new project under Part B, but it is recommended that you review Part B of the program NOFA for the specific requirements. Some changes have occurred since last year, so it will be beneficial to review the NOFA itself.

HOPWA 2001 Formula Funding

In addition to the HOPWA competition, HOPWA funds may also be available in your community under the 2001 formula allocations that provide \$229.372 million for 105 cities and States under the jurisdiction's Consolidated Planning process. Information on these community-based efforts is available on the HUD Homepage at www.hud.gov/cpd/cpdalloc.html. A map of formula recipients and a list of the FY2001 HOPWA formula allocations can be found in this application kit.

HOPWA 2001 Technical Assistance Funding

Additionally, if you are interested in providing technical assistance activities with HOPWA funds, submit an application for funds under the Community Development Technical Assistance (CDTA) part of this notice, which is published elsewhere in the SuperNOFA. The CDTA notice provides up to \$2,580,000 in HOPWA funds to organizations for technical assistance support on a national, regional basis, or within a State or community.
